SELECTMEN'S REPORT.

In accordance with the requirements of the Public Statutes, we present the ninth annual report of the officers of the Town for the year ending February 15, 1901.

In accordance with the vote of the Town the Selectmen took up and paid for Nov. 1, 1900, \$2,650.00 of the town bonds, \$1,769.80 of the amount being the Sinking Fund set aside for that purpose, and the balance \$880.20 being taken from the treasury. At the same time we took up the balance \$22,000.00, by issuing new bonds for that amount at three per cent.

Respectfully submitted,

W. I. HAYWOOD,
W. T. MELOON,
THADDEUS TARLTON,
Selectmen of New Castle.

REPORT OF BOARD OF EDUCATION.

To the Inhabitants of the Town of New Castle:

The Board of Education would respectfully submit the following report of the schools under their charge for the school year ending Feb. 15, 1901.

GRAMMAR SCHOOL.

The grammar school has been taught by Miss J. Evelyn Brown during the spring term, and by Miss Marion B. Leary during the fall and winter terms. Miss Leary is a young lady who was well known in town before her acceptance of the school. Individual work with the pupils is a notable feature of her method of teaching, and is highly endorsed. She is an interesting, enthusiastic teacher, and has done well for the school.

PRIMARY SCHOOL.

The primary school has been taught by Miss Maud Trefethen. Miss Trefethen has had charge of the primary department for several years. She is in close touch with the little ones, and has already proved her ability to train their young minds. She has an interesting school.

Your school board has tried this past year to make the schools as desirable as possible. New windows which were greatly needed, have been put in the grammar school room; a new out-building for that school has also been built.

We feel it our duty to again enforce upon the minds of the parents the necessity of keeping their children at school, and not only that, but to have them punctual. Unless pupils attend regularly they cannot maintain the desired interest requisite to good progress. As they come to the recitation class with yesterday's link gone because of absence, they cannot make a continuous chain of advancement as do others

who regularly attend ; they gradually fall behind. The effect is to destroy their interest, and when one becomes disinterested the work goes hard and the progress is necessarily slow.

We kindly advise and urge all parents and guardians to co-operate with the teachers as much as possible, and to visit the schools often. They will then not only be able to ascertain the progress of the children under their charge, but will also give encouragement to teachers and pupils alike.

One other fact that should be impressed is, that the children should not be allowed while too young to finish their school days ; they go fast enough and will soon be over. A year or two's work gained or lost may result in pleasure or sadness, and may mould a destiny.

In conclusion we would say : Let the children go to school, and let nothing stand in the way of their getting as good an education as possible.

JESSE O. WHITE,
GEORGE W. WHITE,
W. E. MARVIN,

Board of Education.
